Search Strategy

Brief description of what you wish to achieve from the search:

Keywords* (e.g. country; stratigraphic period; formation names):

** Use precise terms. 'Geology' as a keyword is unhelpful as it is likely to appear in every reference. (Continue on the back of the form if necessary.)*

Indicate below if you wish to limit your search by date range (e.g. 1988 to date); by language (e.g. English only), or whether foreign language texts are acceptable if there is an English abstract.
