

Draft programme - Deep carbon meeting, 27 November 2008

- 9.00 Registration
- 10.00 Adrian Jones (UCL)
Introduction and welcome
- 10.20 **Keynote** - Monica Grady (Open University)
Carbon in the solar system
- 11.00 Tea/Coffee
- 11.30 **Keynote** - Steve Haggerty
Deep carbon reservoirs
- 12.10 Graham Pearson
Geodynamic histories from diamond
- 12.40 Lunch and posters
- 14.00 **Keynote** – Steve Sparks (University of Bristol)
Carbon climate and volcanic activity through time
- 14.40 Dave Pyle
Measuring volcanic CO₂
- 15.10 Hartmutt Boesch
NASA CO₂ spacecraft
- 15.40 Tea/coffee and posters
- 16.10 Dan Lunt (University of Bristol)
Atmospheric CO₂ and glaciation
- 16.40 Discussion
- 17.00 Event ends
