Recent Additions: April – May 2009

A selection of publications recently added to the Library. The majority of these publications may be borrowed by Fellows or employees of Corporate Affiliates of the Geological Society who are resident in the U.K. and Ireland. For details of availability of any item please apply to the Library.

Library News

The Library has just completed the revision and redesign of its information leaflets. Eight titles have been printed: *Library services – information for Fellows*; *Library services – information for Corporate Affiliates*; *Using the Library*; *Offsite access to e-journals*; *Literature search databases in geoscience*; *Library charges*; *Library regulations* and *Sponsor a book*. The leaflets are available in the Library and on the website. They can be mailed to Fellows on request.

Three further journals are now freely available online to Fellows: *Central European geology*, *Earth science history*; *Israel journal of earth science*. To sign up for this service complete the *Offsite access to e-journals* form (available on request and on the website).

Books and Journal Special issues

V. International Conference on Arctic Margins [special issue].

Smelror, Morten (ed.)
Trondheim: Geological Society of Norway, 2008.
(Norwegian journal of geology; 88 (4))
Cover title. ; '... papers presented at the [ICAM V sessions] of the Arctic Conference Days in Tromso in September 2007 ...' - p.185.
