## *Library News*

Sheila Meredith, the Society's Chief Librarian, will be retiring at the end of the year (as announced in the November issue of *Geoscientist*) after over 24 years service. Sheila has made an enormous contribution to the Society during that time. When she was appointed there were no computers in the Library, while now, the Library's entire catalogue can be searched online and e-journals (both the Society's titles and other publishers) be accessed offsite by Fellows.

**Journal Cancellations** - Council have approved the cancellation of the following titles in order to achieve the budget cuts required for 2012: *Bulletin d'information des geologues du bassin de Paris*; *Contributions to mineralogy & petrology*; *Coral reefs*; *Geodinamica acta*; *Journal of seismic exploration*; *Mathematical geosciences*; *Near surface geophysics*; *Surveys in geophysics* and *Palaeontographica. Abt. B: Palaophytologie*.
