# PESGB Data Management Workshop and Knowledge Exchange

**Dynamic Earth, Edinburgh: 6<sup>th</sup>-7<sup>th</sup> September 2010**

A unique two-day international forum and knowledge exchange organised by the PESGB and the Geological Society, featuring a range of interactive workshops, knowledge cafes, and practical demonstrations reviewing case histories, 'lessons learnt' and examples of 'best-practice' in the energy sector

Sessions will feature: Recent trends and developments in Data Management, Data integration using GIS, National Repositories, Standards, Process Improvement, Electronic Document Management (EDM and ECM) and Knowledge Management

Further details of this event will be announced shortly. Registration Charges: £250  
Please contact Duncan McKay [duncan.mckay@conocophillips.com](mailto:duncan.mckay@conocophillips.com) to reserve your place now

Due to the interactive nature of the event, the number of attendees is strictly limited.  
As such we advise early booking to avoid disappointment
