Introduction:

The Tuen Mun – Chek Lap Kok Link (TM-CLKL) is a proposed strategic road link between North West New Territories, North Lantau, the proposed Hong Kong - Zhuhai - Macao Bridge Hong Kong Boundary Crossing Facilities (HKBCF) and the Hong Kong International Airport (HKIA) at Chek Lap Kok.

TM-CLKL – Northern Connection Sub-sea Tunnel Section (Contract No. HY/2012/08) commenced on 5 August 2013. The Contract mainly comprises a dual 2-lane sub-sea tunnel approximately 5 km long between Tuen Mun and the BCF, reclamation to form land of approximately 16.5 hectares for the tunnel landfall at Tuen Mun and associated civil, structural, building, geotechnical, marine, water supplies, drainage, sewerage, landscaping works and reprovisioning works of affected existing facilities.

The on-going construction activities include vibrocompaction, reclamation, D-wall excavation, steel cage installation, shaft excavation, box culvert bored pile construction, GI for post ground treatment and GI for interface coring

Safety Requirements:

All attendees should bring their own safety boots and hold a valid safety Green Card (or HKIE Corporate Membership Card). Safety helmet and reflective vest will be provided on site.

(Please note that neither the Society nor the parties concerned accept any liability in connection with the above event)
