North West Regional Group Careers Afternoon

Wednesday 11th March 2015

The North West Regional Group of the Geological Society are hosting a careers afternoon to aid graduates and post graduates, as well as those geologists who are between jobs or want to explore new career paths with potential new ventures.

The afternoon will comprise a number of talks by geologists in a varied range of geological fields to discuss what is involved with their specific field. The speakers will also discuss their career path and their experiences to date.

Each speaker will have just over 10 minutes to discuss their field and experience. There will be a question and answer session following the talks to allow audience members to query the speakers about aspects of their fields.

This event is to be held at The University of Manchester and the Careers Service have kindly provided sessions on how to draft a CV, as well as on interview techniques, following the speakers. They will also be in the foyer for questions.

The Geological Society will be presenting a talk on the benefits of membership during the session, and will be holding an hour talk regarding Chartership (applying for Chartership as well as requirements for scrutineers) at 6:30pm (Williamson Lecture Theatre).

There will be stalls in the foyer with employers in the geological field who can provide further advice on careers. Many of these employers are likely to also have possible job vacancies.

CPD: These events may be considered for contributing to a recognised Continuing Professional Development (CPD) scheme as part of personal development. Delegates should check their individual scheme requirements.

Speakers will include:

Mrs Lucy Thomas: RSK
Geo-Environmental Engineering.

Mrs Rachel Stringer: Atkins
Geotechnical Engineering.

Ms Mariangela Diaz: IGas
Unconventional on shore exploration.

Paul Woodman: BP
Oil and Gas Exploration, Development & Production

Dr Chris Bonsom: Principal Consultant - SRK
Mineral Exploration and Mining.

TBA.

Bill Gaskarth: Geological Society

Careers Afternoon will open at 12 noon.

Careers talks commence at 1pm

Venue: Schuster Lecture Theatre, Schuster Building,
Brunswick Street, Manchester University M13 9PL

Organised by the North West Regional Group of the Geological Society of London For further information contact the Group Secretary, Nik Reynolds at the following:
