2024 subscription rates

Subscriptions are available for **one calendar year (1st January to 31st December 2024)** at the rates listed.

Subscription rates are for single site access and apply to the geographic location of the end user.

Lyell Collection Complete † 2024 subscription

Lyell Collection Complete includes online access to:

Journals:

- *Journal of the Geological Society* (1845-2024)
- *Quarterly Journal of Engineering Geology and Hydrogeology* (1967-2024)
- *Geochemistry: Exploration, Environment, Analysis* (2001-2024)
- *Petroleum Geoscience* (1995-2024)
- *Geoenergy* (2023-2024)
- *Proceedings of the Yorkshire Geological Society* (1839-2024)
- *Scottish Journal of Geology* (1965-2024)
- *Journal of Micropalaeontology* (1982-2017)

Book series (more information on page 12):

- Geological Society of London *Special Publications* (530+ volumes) ◇
- Geological Society of London *Engineering Geology Special Publications* (26 volumes) ◇
- Content only available with a Complete subscription:**
- *Energy Geoscience Conference series - new series and in-progress content from 2024*
- Geological Society of London *Memoirs* (59 volumes) ◇
- *Petroleum Geology Conference Proceedings* (5 volumes)

Historic content - content only available with a Complete subscription:

- *Transactions of the Geological Society* (1811-1845)
- *Transactions of the Edinburgh Geological Society* (1868-1963)
- *Transactions of the Geological Society of Glasgow* (1860-1963)

Geoenergy launched in January 2023. It is a new co-owned journal of the Geological Society and the European Association of Geoscientists and Engineers (EAGE).

Continuing the mission of its sibling journal, *Petroleum Geoscience*, **Geoenergy** focuses on the publication of timely and topical research in subsurface geoscience and the emerging energy transition field.

More information:
<https://www.geolsoc.org.uk/geoenergy>

Subscription rates are for single site access and apply to the geographic location of the end user.

Please contact one of the regional agents listed on page 9 if you require a multi-site or global access license.

The 2024 publication schedule is subject to change.

Geoscientist <i>The magazine of the Geological Society of London</i> Volume 34, 4 issues

UK delivery address	£ 199.50
Europe or Rest of World delivery address	£ 228 / US\$ 456
Online access	https://geoscientist.online/
Publication schedule	Quarterly (March, June, September & December)
Print ISSN	0961-5628
For Geoscientist, the rates apply to the delivery address of print issues.	

Continuous Publication for Lyell Collection content

Under the continuous publication model, as soon as an article is ready to be published, it will be immediately assigned to an issue online rather than waiting for other articles in the issue to be completed, resulting in faster access to the final version of the article.

Continuous publication applies to the following journals:

- Journal of the Geological Society
- Quarterly Journal of Engineering Geology and Hydrogeology
- Petroleum Geoscience
- Geochemistry: Exploration, Environment, Analysis
- Scottish Journal of Geology
- Proceedings of the Yorkshire Geological Society

Article stages:

- “Issue in Progress” applies to journal articles and “Volume in Progress” to book articles.
- **Accepted manuscripts** are posted online within 2 weeks of acceptance to facilitate early access to research and citation for authors and researchers. Digital article identifiers (DOIs) are published for accepted manuscripts and registered with CrossRef allowing permanent resolution to the final version of record when it is published. Perpetual access is not available to accepted manuscripts.
- **The version of record** is the typeset article that appears online before the final volume or issue is complete. These articles are in their final PDF format apart from final volume pagination, i.e., they have been accepted for publication, copyedited, typeset, proofed, and corrected.
- **The final version** includes final pagination when the issue/volume is completed. Perpetual access is only available to articles published in a completed volume or issue within the subscribed-to calendar year.

Access entitlements for institutional subscribers with a current subscription:

Lyell Collection Complete† subscribers can view the full text of all articles and accepted manuscripts in the Lyell Collection (excluding eBooks content ◇).

Special Publications‡ annual subscribers can view the full text of all published Special Publication volumes (excluding eBook content ◇) plus volumes in progress at <https://www.lyellcollection.org/sp/in-progress>

Subscribers to individual journals can view the full text of all articles and accepted manuscripts in the relevant journal.

All articles, eBooks and accepted manuscripts are available for purchase using pay-per-view. Please see www.geolsoc.org.uk/ppv for details of short-term access options.

Earth Science, Systems and Society (ES³) is a fully gold open access journal, owned and published by the Geological Society of London. ES³ is dedicated to the publication of timely and topical research of high importance across the breadth of the geosciences. The journal has a special focus on cross-disciplinary research that showcases the relevance of geoscience to sustainability in society.

Society

Online Archives: *Special Publications*

Geological Society of London Special Publications are renowned throughout the global geoscience community for their high quality of science and production. Each volume focuses on a specific theme and represents a balanced, state-of-the-art treatment of the subject matter. The first was published in 1964 as a supplement to the *Quarterly Journal of the Geological Society* (the precursor to the *Journal of the Geological Society*), and was retrospectively numbered as a Special Publication. The series gained its current clear identity in 1981.

Special Publications form a major part of the Lyell Collection, the Geological Society's online collection of all key content published since 1845. The Collection features Special Publications from Volume 1. Abstracts, PDFs and references have been captured up to and including volume 277, with later volumes also including full text HTML. The Collection benefits from full electronic functionality, including active reference linking.

Purchase Special Publication archives of volumes 1 to 500 outright for a one-off fee allowing perpetual access. The archives are hosted on the Geological Society's Lyell Collection, and there is no annual maintenance charge. Content is preserved in CLOCKSS. URL: <https://www.lyellcollection.org/book/sp>

Download a list of the Special Publication titles in the various archives available from www.geolsoc.org.uk/lcaccess##SParchive MARC/KBART files can be downloaded from <https://www.geolsoc.org.uk/lcaccess>. MARC records and KBART files are also added to the WorldCat® knowledge base to ensure the latest content selections are available to aid discoverability.

All Special Publication volumes are available online on payment of an annual subscription fee (for the Special Publications† alone, or as part of Lyell Collection Complete†). ◇

The 500 volumes are available in six separate archives:

	SP Volumes	Number of articles	Number of pages	Price	
SP Archive 1	1 - 100	2,520	41,700	£ 7,253	US\$ 14,506
SP Archive 2	101 - 200	2,020	37,000	£ 7,253	US\$ 14,506
SP Archive 3	201 - 300	1,900	36,600	£ 7,253	US\$ 14,506
SP Archive 4	301 - 400	1,750	36,600	£ 7,253	US\$ 14,506
SP Archive 401-450	401 - 450	836	17,600	£ 3,627	US\$ 7,254
SP Archive 451-500	451 - 500	877	18,900	£ 3,627	US\$ 7,254

There are also three larger archive options:

	SP Volumes	Number of articles	Number of pages	Price	
SP archive 300	1 - 300	6,440	115,300	£ 18,137	US\$ 36,274
SP archive 400	1 - 400	8,190	151,900	£ 22,672	US\$ 45,344
SP archive 500	1 - 500	9,903	188,400	£ 28,342	US\$ 56,684

These Archive rates are for single site access and apply to the geographic location of the end user.

Please contact one of the regional agents listed on page 9 if you require a multi-site or global access license.

Online Archives: *Journal of the Geological Society*

Journal of the Geological Society (JGS (Journal of the Geological Society)) publishes topical, high-quality recent research across the full range of Earth Sciences. Papers are interdisciplinary in nature and emphasize the development of an understanding of fundamental geological processes. The journal includes broad interest articles that refer to regional studies, but which extend beyond their geographical context.

The JGS Archive (1845-2007) includes over 17,000 articles and comprises over 150 years of geoscience research, including historically important content from many eminent scientists. Access the very earliest geological research from the greats such as Darwin, Murchison, and Buckland to modern cutting-edge research from an international field of authors.

The *Quarterly Journal of the Geological Society* (1845 to 1970) was re-named the *Journal of the Geological Society* in 1971.

All JGS volumes are available online on payment of an annual subscription fee (for Journal of the Geological Society alone, or as part of Lyell Collection Complete). Perpetual access applies to content published in the subscribed to years.

**JGS 1845 to 2007 content is available as one archive purchase or in three individual archives.
JGS 2008 to 2012 content is available as a separate archive.**

	Years of content	Price	
JGS Archive 1845-2007	1845 - 2007	£ 19,018	US\$ 38,036
JGS Archive part 1: 100 Years of Geology	1845 - 1945	£ 6,557	US\$ 13,114
JGS Archive part 2	1946 - 1986	£ 6,557	US\$ 13,114
JGS Archive part 3	1987 - 2007	£ 9,837	US\$ 19,674
JGS Archive 2008-2012	2008 - 2012	£ 3,853	US\$ 7,706

The JGS archives are hosted on the Geological Society's Lyell Collection, and there is no annual maintenance charge. Content is preserved in CLOCKSS.

URL: <https://www.lyellcollection.org/journal/jgs>

**These Archive rates are for single site access and apply to the geographic location of the end user.
Please contact one of the regional agents listed on page 9 if you require a multi-site or global access license.**

Online access	<p>Help pages: www.geolsoc.org.uk/lyellsubsfqs https://www.lyellcollection.org/info/librarians</p> <p>Please provide the full name and mailing address of the end user institution or company so a unique subscriber id can be issued. Please also include a contact name and email address for an access administrator.</p>

<p>Perpetual access for online subscription content</p>	<p>When a subscription lapses the online access is graced for 90 days and then cancelled.</p> <p>Perpetual access is available on request by contacting subs@geolsoc.org.uk. Example: A subscriber for 2019 to 2023 who does not renew for 2024 can receive perpetual access to the relevant content published in final volume form during 2019 to 2023. Please note that in progress articles and accepted manuscripts published during the subscription period are not included in this right to perpetual access.</p> <p>A pre-2008 subscription does not entitle a user to access Lyell hosted past content. For subscriptions up to and including 2007 the print copy was the copy of record and electronic access was a free add-on. Once a subscription lapsed, electronic access was switched off.</p>
<p>Usage reports</p> <p>IP address updates</p> <p>MARC/KBART records</p> <p>Accessibility</p>	<p>Usage reports. Please login as an access administrator to access usage reports. More information on the help page: www.geolsoc.org.uk/lyellsubsfaqs</p> <p>IP address updates. Access administrators can login to view and amend IP addresses. To improve the process of updating the IP addresses used for access authentication we are also now working with the IP Registry. Please submit IP address updates via https://theipregistry.org More information: https://theipregistry.org/libraries/</p> <p>MARC/KBART files can be downloaded from www.geolsoc.org.uk/lcaccess. MARC records and KBART files are also added to the WorldCat® knowledge base each month to ensure the latest content selections are available to aid discoverability.</p> <p>Accessibility: We aim to make our online journal and book content accessible to all our visitors and improvements to the site are made on an ongoing basis. Our commitment to this endeavour reflects the growing customer need for accessibility to our content in order to best support the science and communities we serve. We undertake accessibility audits of the platform before every major update using WCAG 2.1 AA standards which guide our long-term audit and improvement plans. https://www.lyellcollection.org/info/accessibility</p>
<p>Supplementary material</p> <p>Permissions</p> <p>Discovery services</p> <p>Off-site access</p> <p>CLOCKSS</p>	<p>Supplementary material can be found within the GSL figshare portal at http://geolsoc.figshare.com</p> <p>Permissions: Please see https://www.geolsoc.org.uk/permissions</p> <p>Discovery services: Content is indexed in EBSCO Discovery, Primo and Summon.</p> <p>Campus Activated subscriber Access (CASA): Literatum supports federated access via Shibboleth and OpenAthens, as well as Google CASA, so that users can access their institution's content even when they're off-site. Atypon CONNECT makes it even easier for users to access their institutional subscriptions by enabling them to link their profile with their institution.</p> <p>We have partnered with CLOCKSS (Controlled Lots of Copies Keep Stuff Safe) to ensure that all the articles available on the Lyell Collection are stored safely and securely online. www.clockss.org</p>
<p>Subscriptions with print / print option:</p> <p><i>Special Publications</i></p> <p><i>Geoscientist</i></p>	<p>Postage is included in price for print and online + print subscriptions. <i>Airmail delivery is not available.</i></p> <p>Missing print issues must be claimed within 3 months of the end of the subscription year (by 31st March 2024 for 2023 issues). Claimed issues are sent by surface mail.</p> <p>For Special Publication print volumes please check the Society's online bookshop for availability before making a claim: Recently published (link to new titles on the online bookshop). In production (link to forthcoming titles on the online bookshop). Print copies are dispatched in 2 or 3 batches per year.</p> <p>Please quote the publisher reference or the subscriber id (listed on subscription renewals) in all correspondence.</p>
<p>Ebooks ◊</p>	<p>From Summer 2023 the Geological Society offers a select range of eBooks on the Lyell Collection website in EPUB format available for purchase by individuals.</p> <p>Access to the eBook content is not included in annual subscription products, archives or perpetual access entitlements (Lyell Collection Complete; Special Publications; Engineering Geology package; Special Publication Archives).</p>
<p>Trial access requests</p>	<p>The librarian or access administrator at an interested institution should complete this online form https://www.geolsoc.org.uk/onlinetrial to request a 30-day trial to Lyell Collection content. Please note that trials are not available to individuals.</p>
<p>GeoScienceWorld</p>	<p>There is some overlap between the journal content on Lyell Collection and GeoScienceWorld (GSW). However, no book content (Special Publications, Memoirs, Engineering Geology Special Publications, Petroleum Geology Conference series, Energy Geoscience Conference series) is available on GeoScienceWorld by subscription. Content only available via the Lyell Collection:</p> <ul style="list-style-type: none"> • The deep Journal of the Geological Society archival material (<i>QJGS</i>, 1845 to 1970), • Volumes prior to 2000 for Proceedings of the Yorkshire Geological Society and Scottish Journal of Geology • The historic transactions: Transactions of the Geological Society of London, Transactions of the Edinburgh Geological Society, Transactions of the Geological Society of Glasgow
<p><i>Journal of Micropalaeontology</i></p>	<p><i>Journal of Micropalaeontology</i> is now published on behalf of The Micropaleontological Society by Copernicus Publications. https://www.journal-of-micropalaeontology.net/</p> <p>Previously published on their behalf by the Geological Society from 1994 to 2017. Content published from 1982 to 2017 (volumes 1 to 36) is available at https://www.lyellcollection.org/journal/jm to current Lyell Collection Complete subscribers.</p>

This information is subject to change. Please see <https://www.geolsoc.org.uk/lcaccess> for up-to-date information.

Book series information

Special Publications

Special Publications are renowned for their high quality of science and production. Each volume focuses on a specific theme and represents a balanced, state-of-the-art treatment of the subject matter. The Society publishes 8 to 15 volumes each year.

<https://www.lyellcollection.org/book/sp>

Content available as part of the *Lyell Collection Complete* or *Special Publications* annual subscriptions.

Engineering Geology Special Publications

This successful series is devoted to the wide range of engineering geology and geotechnical topics: each volume provides balanced coverage of its subject.

<https://www.lyellcollection.org/book/egsp>

Content available as part of the *Lyell Collection Complete* or *Engineering Geoscience Package* annual subscriptions.

Memoirs

Memoirs are definitive treatments of their subjects by acknowledged experts. They may be edited collections of papers or can be written by a single group of authors.

<https://www.lyellcollection.org/book/mem>

Energy Geoscience Conference series – new book series

The Energy Geoscience Conference series succeeds the former *Petroleum Geology Conference* series and comprises a sequence of edited and peer-reviewed volumes arising from the conferences. Oriented towards the energy transition, volumes will explore understanding, technologies, lessons learned and subsurface insights across the full sphere of energy geoscience. Articles in the first volume will be published as they become available (“in progress”).

<https://www.lyellcollection.org/book/egc>

Petroleum Geology Conference Series

The fully edited and peer-reviewed Proceedings of the 4th, 5th, 6th, 7th, and 8th conferences in this prestigious series are hosted on the Lyell Collection.

<https://www.lyellcollection.org/book/pgc>

Online access only available with a Lyell Collection Complete annual subscription

Special Publications Archives

This extensive 500 volume archive is hosted on the Geological Society’s Lyell Collection by Atypon and can be purchased outright for a one-off fee allowing perpetual access with no annual maintenance charge.

500 volumes are available in six separate archives:

- Volumes 1 to 100
- Volumes 101 to 200
- Volumes 201 to 300
- Volumes 301 to 400
- Volumes 401 to 450
- Volumes 451 to 500

Or in a selection of sets:
