

EARLY CAREER NETWORK

Early Career Geologist Award
31st May 2023

Early Career Network

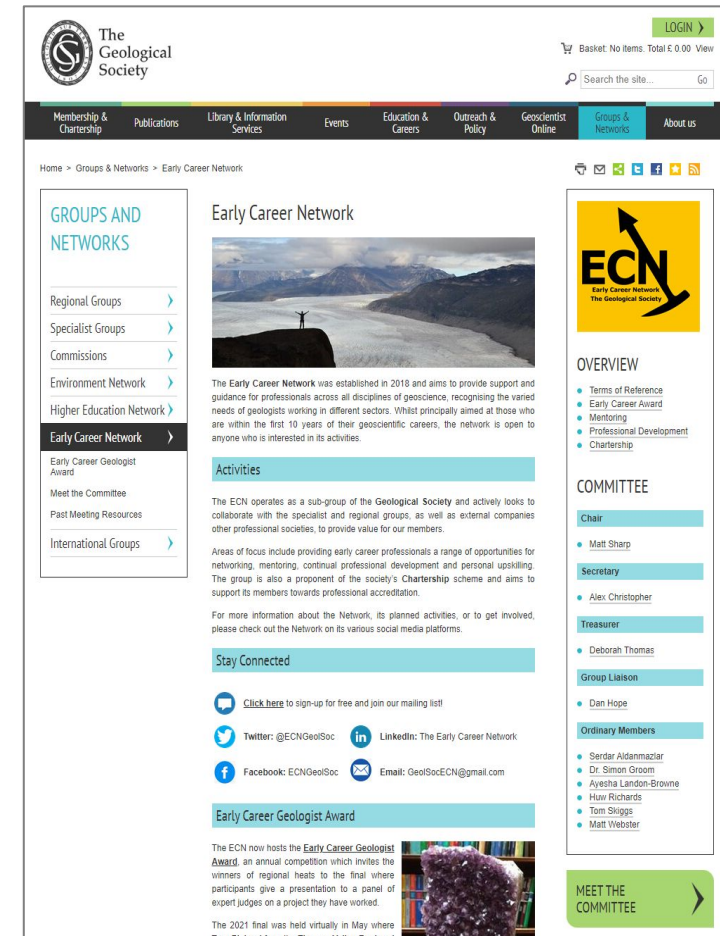

- Early-career focussed **sub-group** of the Geological Society
- Established in 2018 to support the interests and progression of **Early Career Geologists** of **all specialisms** toward Chartership with the GSL.
- Provide career guidance to fellows of the GSL, and collaborate with specialist and regional groups.

worldwide attendance!

AGM 2023 – Announcements

Thomas Skiggs

Exploration Geologist

Has resigned from his role as Committee Member after reaching the end of their term.

Thomas has formed an integral part of the ECN for several years.

The Committee is grateful for his contribution and wishes him all the best going forward.

AGM 2023 – Announcements

Serdar Aldenmazlar

**Consultant Geological
Engineer**

Serdar has resigned from his role as Committee Member at the end of his initial term.

Serdar joined the committee in 2020 and has supported the ECN at Careers events and several of our webinar series.

The Committee is grateful for his contribution and wishes him all the best going forward.

AGM 2023 – The Year Ahead

The
Geological
Society

serving science, profession & society

(Interim-Treasurer)

Financial Plan 2023

Period: January – December 2023

Treasurer: Alex Christopher

High Level Plans for the year:

- Host the Early Career Geologist Award
- Undertake face to face networking events/socials
- Build upon brand and increase reach – gather sponsorship

The projected expenditure 2023 is outlined below:

Month	Planned activity	Cost	Running balance
January	-		£1,000
February	-		£1,000
March	-		£1,000
April	-		£1,000
May	Online: Early Career Competition/ AGM and Chartership	£500	£500
June	-		£500
July	Social	£100	£400
	-		£400
August	-		£400
	-		£400
September	EVENT	£150	£250
	-		£250
October	EVENT	£150	£100
	-		£100
November	-		£100
	-		£100
December	In Person: Christmas Party	£100	£0

The above financial plan is based upon our expectations and incorporates continued UK National Rail Strike known as of the date of the 2023 AGM. This has forced the Early Career Competition online. We have planned the year with a focus on hosting in-person events. However, rising costs due to generally high inflation and consequent increased rates for unavoidable costs has restricted what we are able to host. The Committee is looking into sponsorship opportunities.
