

Publish open access with the Geological Society in 3 simple steps

Read journals, books, Special Publications and archive content in the Lyell Collection
Then publish eligible articles open access with no individual APC*

01 CHECK ELIGIBILITY

Confirm that:

- Your institution participates (additional choices can be provided upon request)
- You are the corresponding author

Eligibility is confirmed during the publication process

02 SUBMIT YOUR MANUSCRIPT

Choose the best-fit Geological Society journal or book, submit your manuscript

Benefits:

Rigorous peer review
Global visibility
Greater discoverability

03 SELECT OPEN ACCESS

After acceptance:

- If accepted, your open access fee is covered

**Once approved, your article is
freely available worldwide**

WHY OPEN ACCESS? More visibility • Wider reach • More impact • Funder compliance
