B4069 Lyneham Banks Landslide Remediation: Improving the georesilience of the UK's wonkiest road

Vicky Corcoran and Christopher Cox
AtkinsRéalis

Tuesday 16th June 2026

Hybrid Talk: Starts at 6:30pm (see below for details)

The Western Regional Group is pleased to welcome Vicky Corcoran and Christopher Cox of AtkinsRéalis to discuss the B4069 road in Wiltshire, England, which has been affected by ground movements due to periglacial deposits beneath and around it for many decades. This movement typically caused cracking of the road surface which was managed by resurfacing and occasional remediation in the form of drainage and carriageway reconstruction. In February 2022, a section of the road experienced a substantial landslide, leading to its closure. This presentation will describe the work that was undertaken to remediate the 2022 landslide and restore the B4069.

Vicky is an Associate Engineering Geologist and Chartered Geologist specialising in ground characterisation, ground investigation, and ground modelling in the offshore, coastal, and onshore environments. Vicky is Ground Engineering & Tunnelling's Discipline Lead for Digital Transformation & Sustainability at AtkinsRéalis. Externally, she leads the Digital Transformation of Ground Data group, and she is a member of the AGS Data Management Working Group.

Chris is an Associate Geotechnical Engineer and chartered engineer experienced in the leading and managing of geotechnical design teams in the fields of infrastructure geotechnics, embedded retaining walls, reinforced soils, deep and shallow foundations, and earthworks. Chris is the Discipline Lead for Geotechnical Engineering at AtkinsRéalis and he is currently one of the lead authors for the upcoming CIRIA guidance on geotechnical slope drainage. He is also on the technical committee for the Federation of Piling Specialists.

Hybrid Event; When: 16th June 2026 at 6:30 PM (room opens at 6pm), at The Hub, 500 Park Ave, Aztec W, Almondsbury, Bristol BS32 4RZ. **Non-members welcome.**

Zoom Details: Zoom "room" opens from 6:15pm. Zoom Link:
