

Read & Publish: one agreement, two benefits

Combine access to trusted Earth science research with fee-free open access publishing

READ

Give your institution access

- World-leading geoscience content
- Perpetual access to licensed content

PUBLISH

Make open access easier

- *Unlimited* open access publishing for eligible authors
- No Article Processing Charges (APCs) or hidden fees to pay

The
Geological
Society

one predictable annual fee • less administration • more open research

How Read & Publish helps your whole institution

A simpler way to support open access across your community

FOR THE LIBRARY

Plan with confidence

- One annual fee for access and open access publishing
- Reduced administration
- Budget certainty and support for open access goals

FACULTY & RESEARCHERS

Publish without fees

- No APCs or hidden fees
- Simple submission process
- Greater visibility and impact

STUDENTS & FUTURE AUTHORS

Build capability early

- Access trusted Earth science research
- Build familiarity with high quality peer-reviewed content
- The Lyell Collection trusted globally

The
Geological
Society

Help your community get more value: make eligibility easy to find and promote the agreement across campus
