Confronting Barriers to Inclusion: Opening the Gate to Accessible Fieldwork

Friday 26 June 2015

10am – 5pm followed by wine reception

The Geological Society, Burlington House, London

Register online:

www.geolsoc.org.uk/Accessible-Fieldwork-Meeting

This one-day meeting will explore the design & delivery of fieldwork which is inclusive and accessible to all, and how to ensure that the geoscience community attracts and develops the talents of people with diverse abilities.

We welcome and encourage participation from educators at all levels from school to professional, and organisations involved in provision of fieldwork in both formal and informal capacities.

A joint meeting of the Geological Society, University Geoscience UK & the GSL Higher Education Network
