

Want to find out how our planet works?

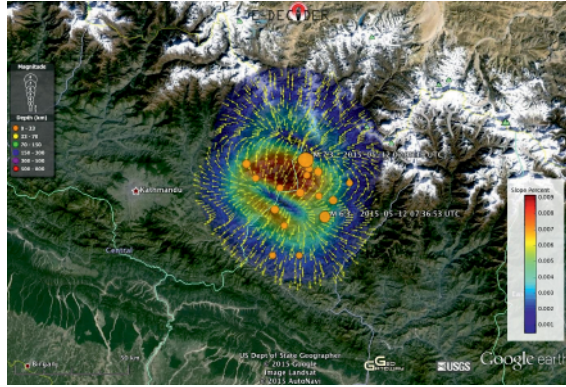

Want to protect the Earth for the future?

Want to understand how life evolved?

Want to know why climates change?

Educators' Events: 28 Feb & 30 April 2020

Lapworth Museum

University of Birmingham

6pm - 7.30 pm; All Welcome!

A chance to meet other secondary school geography, geology & STEM teachers, with an interest in developing the Geoscience component of their teaching. Come and meet Museum education officers and University of Birmingham Earth Scientists. Discussion of topics of relevance to the secondary school curriculum and opportunities to explore ongoing support for your teaching & students.

PLEASE EMAIL if you plan to attend: t.dunkleyjones@bham.ac.uk
