# PRIMARY GEOLOGY ROCKS

**CPD workshops for Primary Science.  
teachers run by the Geological Society**

## SESSION ONE: ROCKS

**THURSDAY 5 MARCH 18:00- 20:00**

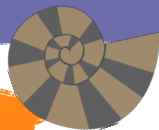

Improve your subject knowledge and gain new activity ideas for identifying rock properties, understanding how different rocks are formed and how they journey through the rock cycle.

## SESSION TWO: FOSSILS

**THURSDAY 23 APRIL 18:00- 20:00**

Activity ideas and resources based around understanding the geological timeline, how fossils are formed, how plants and animals have changed over geological time, and how we know what organisms were like in the past.

**VENUE:** The Geological Society,  
Burlington House, Piccadilly,  
London, W1J 0BG
