in the heart of Mayfair

The  
Geological  
Society

*serving science, profession & society*

## The Geological Society, Burlington House

Founded in 1807 the Geological Society is the oldest national geological society in the world.

The Society has resided in Burlington House in central London since 1874. This beautiful Grade II\* listed venue provides a unique and welcoming environment for conferences, meeting and events, receptions and intimate dinners.

Alongside our contemporary conference facilities, which includes a 172-seat Lecture Theatre we offer all guests complimentary Wi-Fi and a dedicated in-house facilities team who will provide audio visual support throughout your event.

Event catering is provided exclusively by City Dining who work with the very best local suppliers to provide a range of menus including light lunches to fine dining options with wine pairing as well as gluten free and vegan friendly choices.

Your event will help support the Geological Society as a not-for-profit organisation and our ongoing commitment to the Earth sciences.
