

East Midlands Regional Group - October Meeting

Mined Out!: a contractors mission to rid development of abandoned mine risk

Venue – de la Beche lecture theatre, BGS, Keyworth NG12 5GG

Tue 10th October 2017

Speaker

Ellen Dempster Managing Director of specialist remediation contractor Groundshire Limited based in Co. Durham will explain from a contractors perspective the challenges affecting the vital enabling works the company has undertaken on sites affected by mining legacy. By reference to case studies, Ellen will explain the reality of managing the inherent risks from both ground instability and safety on site to a point where development for a wide variety of end-uses can proceed relatively unhindered

Event details

Refreshments will be available from 6:30pm, talk starts at 7:00pm.

This is a free, open access CPD qualifying event. Parking on site (no charge).

- All welcome -
