

A30 Camborne West Jcn to CSM Test Mine (~10 minutes)

Route: From the A30 take the Camborne West exit and turn left at the roundabout and head towards Troon (see red arrows above for the key junctions). Drive through the village of Troon and after entering the national speed limit zone take the next right hand turn followed by the next right. You **MUST** drive *very* slowly on the final 500 m to the Test Mine from the minor crossroads NE of Carwynnen – the road is narrow and may have children, dogs, horses, cows or tractors on it. Please show due consideration and give way as appropriate.

Grid reference for Mine Office: SW 6566 3671

Postcode for Sat Nav: TR14 9JP (will take you past mine entrance)
