2019

A call to all young Engineering Geologists from the
Engineering Group of the Geological Society of London

The 23rd Annual Glossop Award

to be followed by

The 20th Glossop Medal

by

Jean Hutchinson

(Visiting Research Fellow, School of Earth & Environmental Sciences, University of Portsmouth)

**‘Building the engineering geology process model: Extending
our understanding of rock slope instability mechanisms using
remotely sensed data’**

What is it?

The Glossop Award is a prestigious award made annually to an outstanding young engineering geologist or geo-environmentalist. The winner will receive up to £500 for a Geological Society Special Publication of their choice or attendance at a training course or field meeting supported or run by the Engineering Group. The winner will also be offered the option of joining the Engineering Group of Geological Society Committee for one year.

Who can apply?

Candidates must be a Fellow of the Geological Society and under training for, or already be a Chartered Geologist or Scientist and have no more than 8 years post-graduate experience on the date of presentation.

When?

The successful candidate will present their work at the Glossop Meeting to be held at the premises of the Royal Institution, London on 13th November 2019, before the Glossop Medal lecture.

What do you do?

Fill out the application form overleaf and provide a 2-page abstract (can include text and figures) on:

“Communication of Risk and Opportunity in Engineering Geology”

Please fill out the form in Block Capitals in Black ink and return to the address below

Rules for the Glossop Award

The Glossop Award is a short presentation before the Glossop Medal lecture by an early career engineering geologist or geo-environmentalist, with no more than 8 years' of post-graduate experience on the 13th November 2019.

The candidate must be a Fellow of the Geological Society and either proceeding to Chartered Geologist / Scientist professional qualification, or already a Chartered Geologist / Scientist.

The candidate must obtain the nomination of his/her employer and must be available to give the presentation on the designated evening.

Entries must include the above application form to be submitted by 3rd June 2019.

Short listed candidates will be notified by 30th June and must be available on the 24th July 2019 to attend an interview at the Geological Society, Burlington House, Piccadilly, London, Piccadilly W1J 0BG. They should be prepared to give a presentation, including visual aids, to the selection panel.

Guidance notes for candidates are posted on the Engineering Group webpage (www.geolsoc.org.uk/engineering) and will also be available through the Engineering Group Secretary (engineering.group@geolsoc.org.uk).
